

Health Care Provider Demographic Survey

The Nevada State Health Division, in collaboration with the University of Nevada School of Medicine, Nevada Medicaid and the Nevada Office of Rural Health, is asking that you complete the following brief survey in order to gain a better understanding of the health care workforce in Nevada. Participation assures policy makers and legislators have accurate and timely information that can be used to analyze the health care provider workforce and guide policy development. The workforce data will not be released to any person or agency other than those few people who need the data to perform their workforce analysis. **Once you have completed the survey, please fax to (775)684-5915 or email to primarycare@health.nv.gov**

We know that your time is valuable. By coordinating our efforts with the Board of Dental Examiners, we hope to reduce the need for individual calls to each and every practice in the state, which depletes the state's limited resources, as well as yours. **We greatly appreciate your assistance!**

Please provide office contact information in case clarification is needed:

Office Manager's Name:

Phone Number:

Email Address:

Comments:

Name of Licensee: _____ ☐ DDS/DMD ☐ RDH

Age: _____ Primary Practice Address: _____

(Please do not indicate your home address - if no practice address please put "n/a")
